Making your day perfect underpins our philosophy here at Feathertop. With 360 degree views of Mount Buffalo, plentiful vineyards & an exclusive Tuscan inspired winery estate, we want your day to be as romantic & memorable as you planned. Your entire day can take place at Feathertop from that morning til the following day where you wake up together a married couple, you can even decide to stay here for your honeymoon. We will take care of everything. Our private estate ensures only you and your guests will be the witnesses to this very special celebration in your life.
